Be sure to remove the red, blue, and yellow lines before saving the files. Leaving the line on will result in it being printed as a design element! In order to properly display the advertisement, all important elements should be inside the protective area marked with Red line. The background and graphics must fill the entire project area. The shape of the cutting die, including the seam and keder area, is markedBlue line. The yellow lines indicate the technical area for sewing tunnels and structural elements – fill it with a solid color.

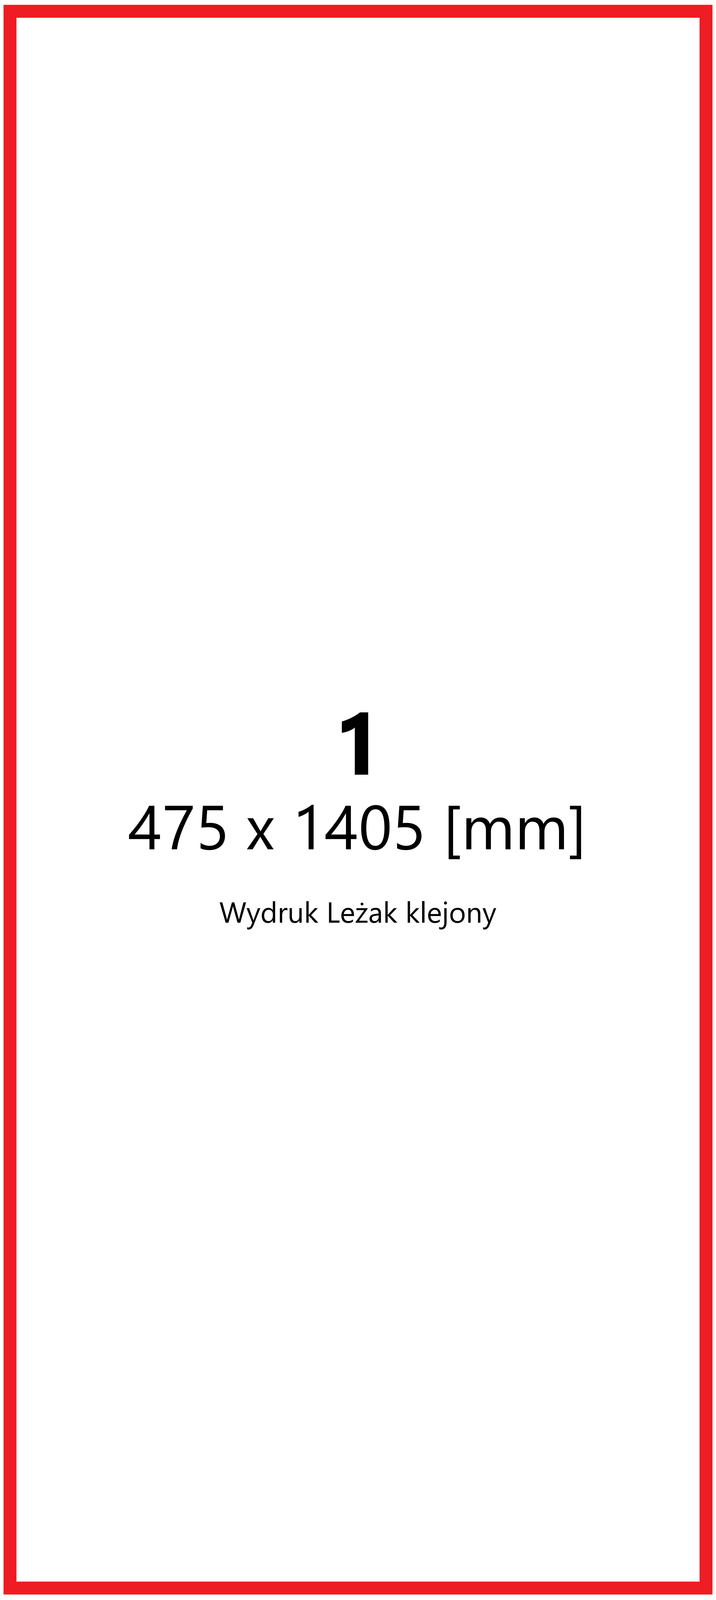

Download and work on the graphic design template found on the next page of this PDF. If there is more than one, prepare the designs in separate files.

Guideline Label Legend:
